Elizabeth has owned and operated "Elizabeth's Art Gallery" on The Square in Goderich Ontario since May of 1992. Following the completion of an "Art & Art History" degree from the University of Toronto and Sheridan College in Oakville she returned home to open the gallery and marry her long time beau Scott Profit. The ongoing task of managing a business and raising 2 active boys has made it difficult, but not impossible, for her to create the occasional work of art.

Elizabeth's work combines a variety of styles with media including acrylics, oils, watercolours, digital photography and multiple combinations of these elements together.
